

## NON-ROUTINE USE OF SCHOOL BUSES

Buses owned by the Board are used primarily for the purpose of transporting students to and from school and for school-approved activities.

“Non-routine student transportation” is defined as transportation of passengers for purposes other than regularly scheduled routes to and from school. School buses may be used for non-routine trips only when approved by the Board and the trips do not interfere with routine transportation services.

All non-routine transportation will be conducted in compliance with State law. The Superintendent/designee will issue a trip permit that meets the requirements of the Ohio Administrative Code for any non-routine student transportation.

Buses are available to all classes, groups or organizations within the schools in accordance with the following.

1. The use of District-owned buses is scheduled through the transportation office.
2. Fees charged to groups for the use of the buses are established and made part of District regulations.
3. The drivers of the buses must meet all federal, state, and District requirements for school bus drivers, and be registered with the Ohio Department of Education as a qualified bus driver.
4. The drivers of the buses ensure that the buses are not overloaded, emergency exits are not blocked, and that students conduct themselves in a safe and orderly manner while in the buses and that the buses are operated in a safe and lawful manner.
5. The drivers of the buses are responsible for reporting in writing to the transportation office the condition of buses, particularly any need for repair or servicing.
