

ASSIGNMENT OF STUDENTS TO SCHOOLS

The Board approves attendance areas. Students attend the school that serves the attendance area in which their parents reside or, upon acceptance, the student may attend another school pursuant to the District's intradistrict open enrollment policy.

The Superintendent has authority to assign students to schools. The Superintendent/designee is authorized to make exceptions on the basis of hardship and student need and to assign a student to a school outside his/her own attendance area.

[Adoption date: December 19, 1991]

[Re-adoption date: August 21, 2014]
