

## SCHOOL-COMMUNITY RELATIONS GOALS

Staff members have a responsibility to promote good school-community relations. The school-community relations program is directed by the Superintendent and is based upon the following principles.

1. The school-community relations program is a systematic, two-way process of communications between the District and the community.
2. The District may use media sources and other forms of communications available to effectively communicate with the citizens and employees.
3. Communications with the public should promote involvement, objective appraisal and support.
4. Communications should be internal as well as external and provide factual, objective and realistic data.
5. School communications should be responsive both to events as they arise and to evaluations of the process.
