

PUBLIC PARTICIPATION AT BOARD MEETINGS

All meetings of the Board will be open to the public.

Members of the public are encouraged to attend and participate in meetings of the Board. In order to promote public participation and to facilitate the completion of the planned agenda in an effective and efficient fashion, the Board has established two formal times during each meeting specifically for public participation. Each period shall be known as “public participation.” The first shall be at the beginning of the meeting and shall consist of up to 30 minutes. The second period shall be established at the end of each meeting. This period shall end when the last person who wishes to speak has done so. Speakers in both periods of public participation shall be limited to three minutes. The length may be extended at the discretion of the Board President.

Members of the public shall be able to speak during the body of the meeting or to ask questions of an individual Board member or the Superintendent at the discretion of the Board President.

Requests for a speaking time during the first public participation period should be made to the Superintendent at least three days prior to the meeting. This requirement may be waived by the President or the Superintendent at their discretion. Persons submitting such a request shall address the Board in order of notification to the Superintendent of his/her desire to address the Board.

Up to 10 people will be permitted to address the Board during the first public participation period of the meeting. Each person will be allotted three minutes until the total time of 30 minutes is used. The actual length of time for the first public participation period will be determined by the number of presenters multiplied by the three-minute time limit per speaker. Each person addressing the Board is required to provide his/her name and address. Additional persons requesting to address the Board will be scheduled during the second public participation portion of the meeting.

Agendas will be available to all those who attend Board meetings. Those who wish to speak during the second public participation are expected to indicate such desire by marking the section on the sign-in register.

Although no members of the community will ultimately be denied the right to bring his/her complaints to the Board, any person with a complaint about a specific individual/employee will first be referred to the proper administrative channels for the exploration of possible resolutions before the presentation to, investigation by, or action by the Board.

The Board believes that complaints are best handled and resolved as close to their origin as possible. The staff should be given the opportunity to consider the issues and attempt to resolve the problems prior to involvement by the Board. Therefore, the proper channeling of complaints will be as follows:

1. Employee
2. Supervisor/principal
3. Superintendent
4. Board

If the proper channels have not been followed, the person making the complaint will be referred to the Superintendent and/or other appropriate Board employee. Complaints will not be heard by the Board until the proper channels have been followed. Written complaints submitted directly to the Board will be referred to the school administration for study and possible solution in accordance with this policy. Complaints about school personnel will be investigated fully and fairly. The complaint must include the resolution the person making the complaint is seeking. Anonymous complaints will not be considered.

Should the person submitting the complaint remain dissatisfied with the response of the administration after compliance with the complaint procedure set forth in this policy, he/she may request that the matter be placed on the agenda for the Board meeting during which an executive session may be scheduled to hear the complaint. Any Board action on the matter shall be taken in public session.

Persons who disregard this policy will be out of order and asked to cease public discussion. If the request is denied, he/she will be requested to leave the meeting. If the request is ignored, he/she will be removed from the premises, by the appropriate officials, and further legal action may follow.
